

## About these results

The first 6 pages list results for just our team in alphabetical order.

The last column lists the improvement for each swim. The number indicates how much time you added (positive number) or how much time you improved (negative number)

The base time is from our Team Manager Data base.

- For new swimmers, it will compare times from time trials.
- For returning swimmers, it will compare times from either time trials or past seasons, whichever is faster.

The next 10 pages is the results overall for all events

The Seed time is the fastest time we have in our system for each swimmer, before the meet.

The Finals Time is the time they received at the meet.

Only the top one or top two swimmers from each team may score points for our team. If you have a time slower than a swimmers who received points, you will see an "x" in front of the time.
